

Immunic AG is a dynamic biotechnology company located in Munich-Martinsried. We are a specialist in selective oral drugs in immunology and focused on developing novel oral therapies with best-in-class potential for chronic inflammatory and autoimmune diseases.

Currently, we have three drug development projects in different stages of development, including our most advanced drug that is already in phase 2 clinical trials in different medical indications. More information can be found at www.immunic-therapeutics.com.

Immunic is an exciting place for fresh ideas – apply now and become part of our team!

We are looking for a

Head of CMC (m/f/x)

for Small Molecule Development for an unlimited full-time position in Martinsried/Munich.

As the head of CMC you will mainly work with the Chief Operating Officer as well as with other internal and external partners such as CROs.

In particular, you will

- Assist the COO in managing and coordinating internal and external NCE development activities
- Design, optimize and track project plans (time, money and resources) and ensure adherence to plan and strategy
- Consolidate key cross-functional information for decision making
- Facilitate decision making within team
- Monitor and control project budget and cost
- Execute, coordinate and ensure appropriate technical report writing
- Coordinate and ensure compiling of IND/IMPd documentation
- Oversee all relevant quality requirements in drug development for API and DP and ensure compliance with international regulations
- Assist in creating and negotiating service agreements with external partners (CROs)

Here is how to convince us:

- A doctoral in chemistry or pharmaceuticals plus 5 years practical experience as scientist in the pharmaceutical industry
- You are experienced in the development of API, dosage forms and analytical sciences for NCEs and line extensions
- You bring advanced knowledge of drug development processes
- You have strong organizational and communication skills
- You are highly flexible and demonstrate exceptional learning agility
- Your work pro-active, team-oriented and you are able to work independently
- You like to take over responsibility and drive projects towards distinctive goals
- You are a good relationship builder to build effective international collaborations

- Expert Team Player
- Fluent in English and German
- Excellent use of MS Office (Word, Excel, Power Point, etc.)
- You enjoy working in a dynamic work environment
- You are open-minded, and you strive to find the best solutions in a team environment
- You are able to self-structure your work and drive processes
- You know when it is time to make decisions
- You have a hands-on mentality

Please send your meaningful application specifying your salary expectations as well as the earliest possible starting date by email to erika.decken@immunic.de or by post to Immunic AG, Erika von der Decken, Am Klopferspitz 19, 82152 Planegg / Martinsried.
